

This questionnaire was prepared and is being distributed by the Human Relations Committee of the SGA, in cooperation with Dr. Pendleton of the Sociology Department, Dean Montgomery and Dean Beall.

The evaluated data compiled from the returns will be made available to the campus at large; specifically, copies will be sent to the Student Legislature, the Faculty Senate, the Racism Seminar Committee, and the Emory Wheel. It is the committee's hope that this survey will aid in defining the racial problems on campus. A commitment to the future of our university requires that all members of its community respond and voice their opinions.

Please feel free to use another sheet of paper to qualify or explain any answers, or to state your opinion on any aspect of the issues.

Personal information: White Black Other non-white

Religion: practicing yes no

Parents' religion

Type of High School: Public Private Private Parochial

all White less than 20 Blacks

Predominately White

Father's Occupation: Professional Executive Management

Skilled Semi-skilled Unskilled
