Mr. Paul M. Cousins

Asst. Librarian

323 Library

Dear Mr. Cousins:

Under the auspices of the Educational Program on White Racism, the Student Government Association is making a collection of hard bound books for the Afro-American studies reading room we hope will be set up this fall.

We hope to obtain - free of charge - two hard bound copies of approximately 200 titles pertaining to this area from various publishers. Bantom Publishers has already agreed to cooperate with us in this program and we are optimistic [[optimistic]] that other publishers will follow suit.

We will keep you informed about progress in this project.

Sincerely yours,

David Massey

Program Director
