Emory University

Memorandum

To: Dr. Sanford S. Atwood, President

Dr. Judson C. Ward, Jr., Executive Vice President and  
Dean of Faculties

Mr. Orie E. Myers, Jr., Vice President for Business

Date: October 15, 1971

Tom Fernandez recently requested two copies of a list of the current active black members of our faculty, professional and administrative staff. It was our understanding the [[that]] he was going to give one copy to the Black Student Alliance and the other copy to Dr. Delores P. Aldridge.

It was my thought that you also would be interested in having a copy of this list for your own information.
